

Create Life-Changing Opportunities: The ISP Scholarship Programme

For the past 23 years, the ISP Scholarship Programme has provided transformational opportunities to students of outstanding promise and potential for whom an ISP education would otherwise be out of financial reach. So far, 34 students have benefited from these life-changing opportunities.

As a corporate sponsor, your business will be associated with a school that has been recognized as the most innovative international school in Prague. In recognition of your support, you will be invited to become a member of the prestigious ISP Giving societies. As a member of these Societies, we will acknowledge your generous support in several ways, including:

- › display of your company banners at the ISP campus
- › recognition on the ISP “Wall of Appreciation” at the reception
- › publicity on marketing materials and publications reaching our wide community
- › invitation to special events

Additionally, your support for the ISP Scholarship Programme will be acknowledged as part of the 2024 ISP Gala, the premier social event of the ISP community. This includes recognition on all Gala communications, including invitations, programme, and post-event acknowledgement.
